Dear Family

This is a grateful moment for us to write this letter of appreciation. We are hoping that it will find you well. Lonathemba and her family are doing well. They entered well in a new year. here in South Africa is very hot and raining at same time. She is doing well at school. Still attending the centre every afternoon.

Thank you for everything you are doing for this family. Thank you for the school uniforms that they received earlier. Thank you for being so kind and supportive. Every little thing you do for her counts. Thank you so much!!

May God keep you all safe and blessed. We love you!! Please send all regards to your family and friends.

Yours sincerely

Lonathemba Ntinga and (Nonto).
