Dear Bernroth-Janusz-Korczak-School,
dear friends in Germany

I greet you all in the name of Jesus,
I hope you all good.

I would like to thank you for the
letters that you wrote for me, I really
appreciate them, because they make me
realise how much you love me and
that you never forget me.

I would colour my book with my
colour pencil to make it look bright
and I will draw it every time when
I come from school.

Send my regards to your family, and
friends and your teachers.
It's me your child Mvelwenhle
Lonathemba Ntinga.
